AMAZON'S HOLIDAY WISH BOOK IS HERE!
WHAT YOU’LL NEED

2 large square cardboard boxes
Scissors
Pens, markers, or paints
1 medium square cardboard box
Tape or hot glue

LEARN TO MAKE YOUR OWN CARDBOARD TREES AND CAMPFIRE at amazon.com/cardboardcreations

Cut one large box along a corner fold so that it lays out flat. Bend in half so that you have a triangle roof.

Open the top and bottom of the medium box. Lay it on its side like a tunnel.

Place the triangle roof over the medium box’s sides, allowing the edges to rest on floor. Tape or glue the roof where it meets the medium box.

To make the front and back walls, cut open the second large box and lay it flat. Then trace the front and back triangle rooflines. Cut out the two triangles.

On your front wall triangle, draw and cut a door, careful to leave one side attached so that it will swing open and closed.

Tape or glue on your front and back walls, then decorate!

What about some shingles, windows, and shutters?

It’s time to let your imagination fly, through the woods, up snowy mountains, under a wide and starry sky. Journey through these wintry pages, full of seasonal activities, recipes for fun, and gifts for kids of all ages.

Outside in the crisp chilly air, a young snowshoe hare had a special gift to share. Without telling a soul what was inside, the hare asked her woodland friends to give the present a ride.

“This pretty box,” said a clever red fox, “needs to cross the whole forest, even some icy rocks.” The fluffy owl was first to volunteer, since she was already dressed in her festive flight gear. “I’ll fly the package beyond the skating rink, but then I need to pause for a warm chocolatey drink.” Because he had very keen sight, the raccoon said he’d walk the package under the moon through the night. Shyly the swift deer stepped up to say, he’d run across the frosty frontier the very next day.

When the deer made it to the other side of the snowy wood, there a cozy house stood. Though she didn’t know what the knocking was for, Grandma Hare answered the door. She guessed right away when she saw that sweet gift, it was from her grandchild, whom she so very much missed.

CREATE YOUR OWN
SNOW GLOBE

Step 1: Think of your favorite place. 
Step 2: Draw a picture of it inside the globe. 
Step 3: Imagine you’re there!

WHAT YOU’LL NEED

2 large square cardboard boxes
1 medium square cardboard box
Scissors
Tape or hot glue
Pens, markers, or paints

Build an alpine lodge

That Amazon box is more than just cardboard; it’s a gingerbread house or an alpine lodge to be explored. With just a few household items, adults can make this wintry cabin.

1. Cut one large box along a corner fold so that it lays out flat. Bend in half so that you have a triangle roof.
2. Open the top and bottom of the medium box. Lay it on its side like a tunnel.
3. Place the triangle roof over the medium box’s sides, allowing the edges to rest on the floor. Tape or glue the roof where it meets the medium box.
4. To make the front and back walls, cut open the second large box and lay it flat. Then trace the front and back triangle rooflines. Cut out the two triangles.
5. On your front wall triangle, draw and cut a door, careful to leave one side attached so that it will swing open and closed.
6. Tape or glue on your front and back walls, then decorate! What about some shingles, windows, and shutters? Share your lodge with #deliveringsmiles
